The Chicago Medical School

B.S., Biology
Magna Cum Laude
University of California, Los Angeles

SUMMARY OF EXPERIENCE

Dr. Grigorian has authored several publications and has presented her research at several national and international conferences.

She believes in order to truly keep patients healthy and happy a physician needs to look at the whole picture. “You must listen to your patients’ concerns and understand their work and family situation to help them best manage their health.”

A key component in her approach to medicine is patient education. “I encourage patients to understand their diagnosis and treatment plan so that they play an active role in their health.”

AFFILIATIONS

Huntington Memorial Hospital

ON A PERSONAL NOTE

Dr. Grigorian and her husband live in Pasadena and are raising two little girls. Her time away from work is centered around her children’s activities and family events.
