- California Medical Association
- Los Angeles County Medical Association

ON A PERSONAL NOTE

Dr. Narayan believes in a balance between work and leisure, and enjoys her evenings at home as much as her days in the office.

She and her husband welcome house guests several times a year. Dr. Narayan' enjoys cooking—especially for friends and family.

If her visitors include young children, they may be invited to play with her collection of spinning tops, a remnant of her tomboy childhood.

However, her gracious demeanor is suspended during National Public Radio's "Weekend Edition Sunday" when she focuses on solving the brainteasers created by Will Shortz. "No one is allowed to talk to me when I'm trying to solve the puzzle!"

Dr. Narayan and her husband live in Pasadena and have a son who is an attorney in Northern California.
